

# DOMO DE MOVADO DO DE MON

**Mobile habitats in modular  
prefabricated construction**

**DODEMO** is a **start-up...**  
**that develops novel and innovative habitats,**  
**that are very safe, are robust, completely weather-resistant**  
**and have very good insulation.**  
**The habitats can be used in a variety of ways...**

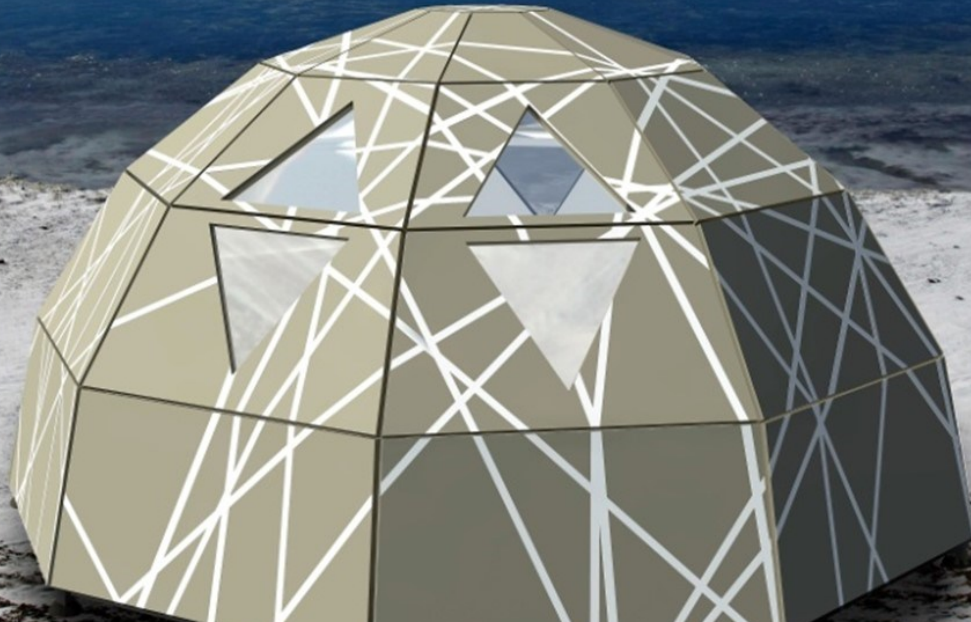

**residential use,**  
**work modules,**  
**office units...**

## **Innovation**

**The habitats are based on a plug-in system of all components, which was developed specifically for this purpose.**

## **Keep it simple**

**The construction of the habitats requires no tools and can be carried out without crane installation.**

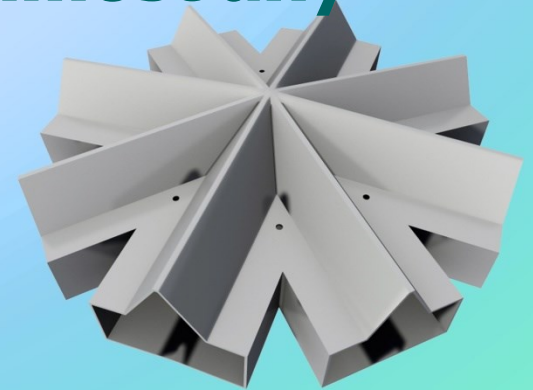

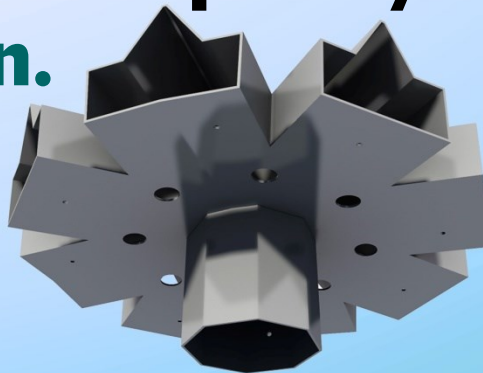

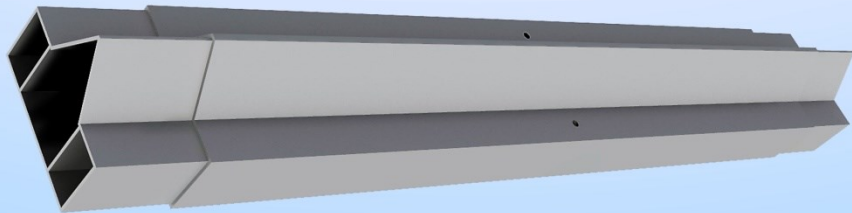

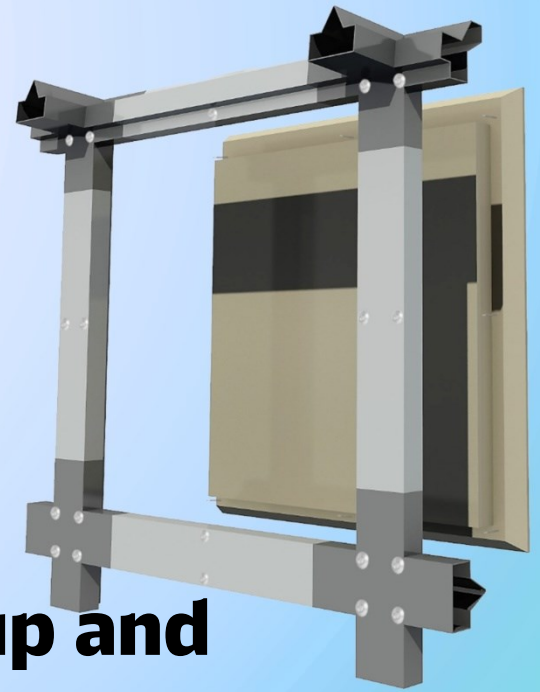

# Easy to use

**All components of the habitats are small and easy to transport..**

## flexibility

**The habitats can be set up and dismantled quickly in almost any location.**

# Extremely robust

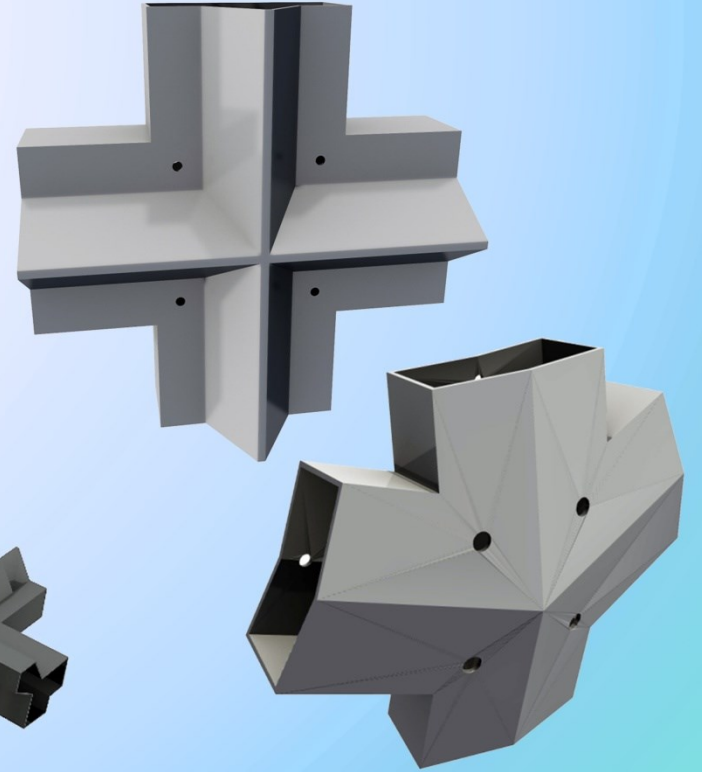

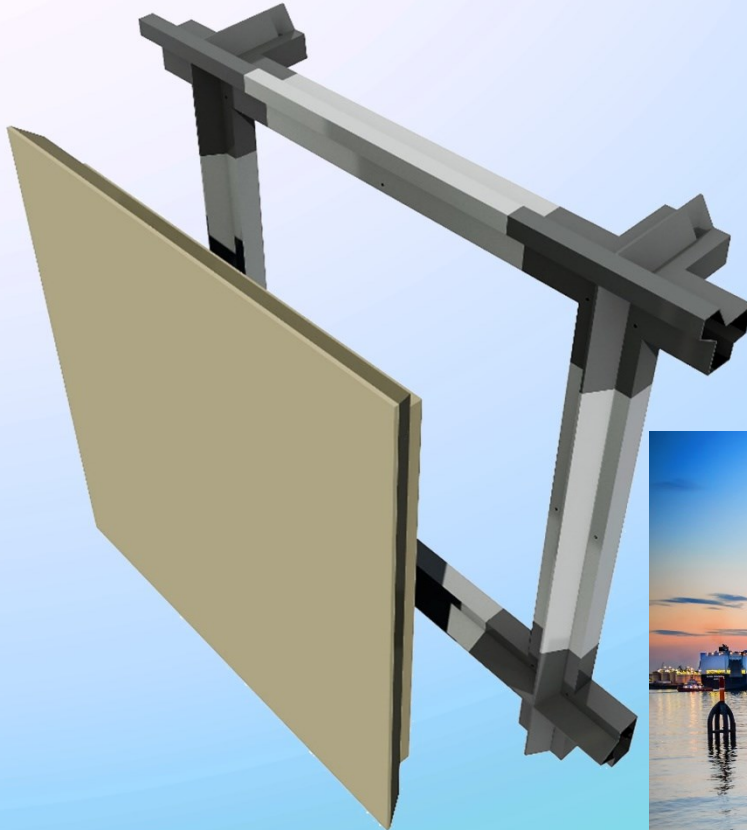

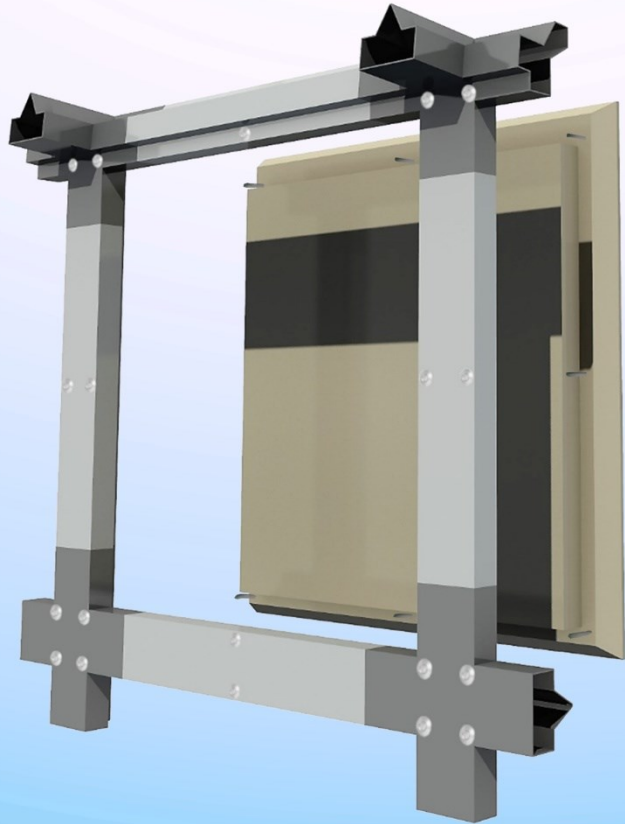

Segment panels in the façade and roof consisting of

- inner and outer HPL panels
- circumferential aluminum profiles
- XPS hard foam core insulation
- circumferential rubber seals

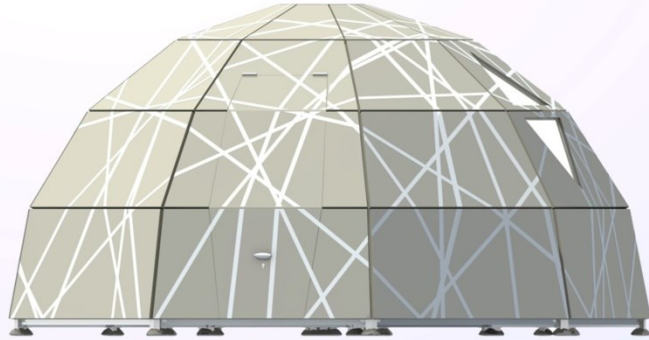

# Construction without shell

The habitats only require a flat surface and no foundations.

# The habitats

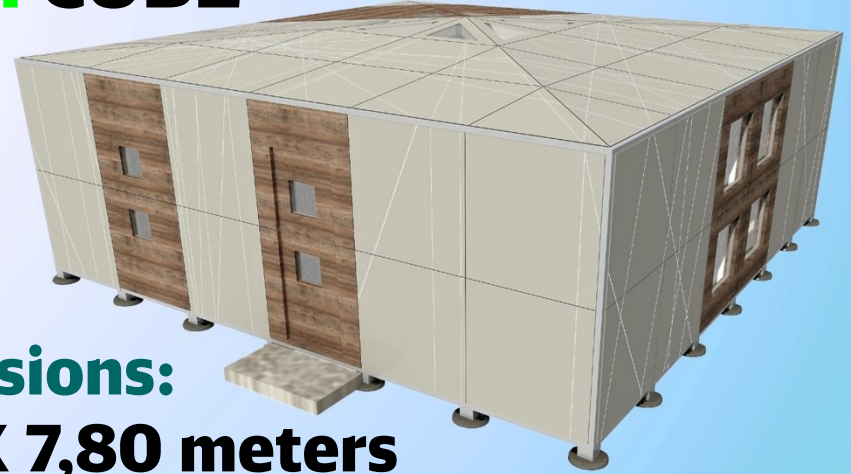

**model TESTUDO**

**Dimensions:**  
**4,50 meter**  
**diameter**

**Weight:** 635 kg  
**Cubature components:** 4,0 m<sup>3</sup>

**model CUBE**

**Dimensions:**  
**7,80 X 7,80 meters**

**Weight:** 4.800 kg  
**Cubature componentsle:** 32,7 m<sup>3</sup>

# Brilliantly easy transport

**A box trailer with a payload of 700 kg and a capacity of**

**4.5m<sup>3</sup> is enough for the TESTUDO model**

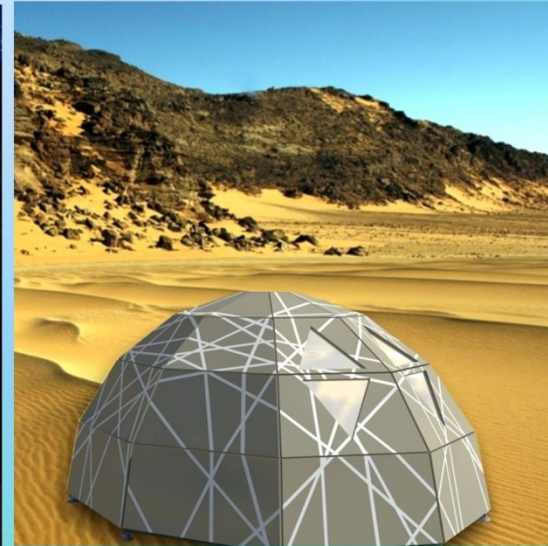

**For the CUBE model, a truck with a total payload of 12 tons is sufficient for the weight of 4.8 tons and a cubic capacity of 32.7 m<sup>3</sup> of all components.**

The **TESTUDO** model  
is suitable as:

- Outdoor/camping
- accommodation
- mobile workplace
- Event accommodation

The **CUBE** model  
is suitable as:

-Interim apartment

-holiday home

-Event accommodation

-mobile workplace

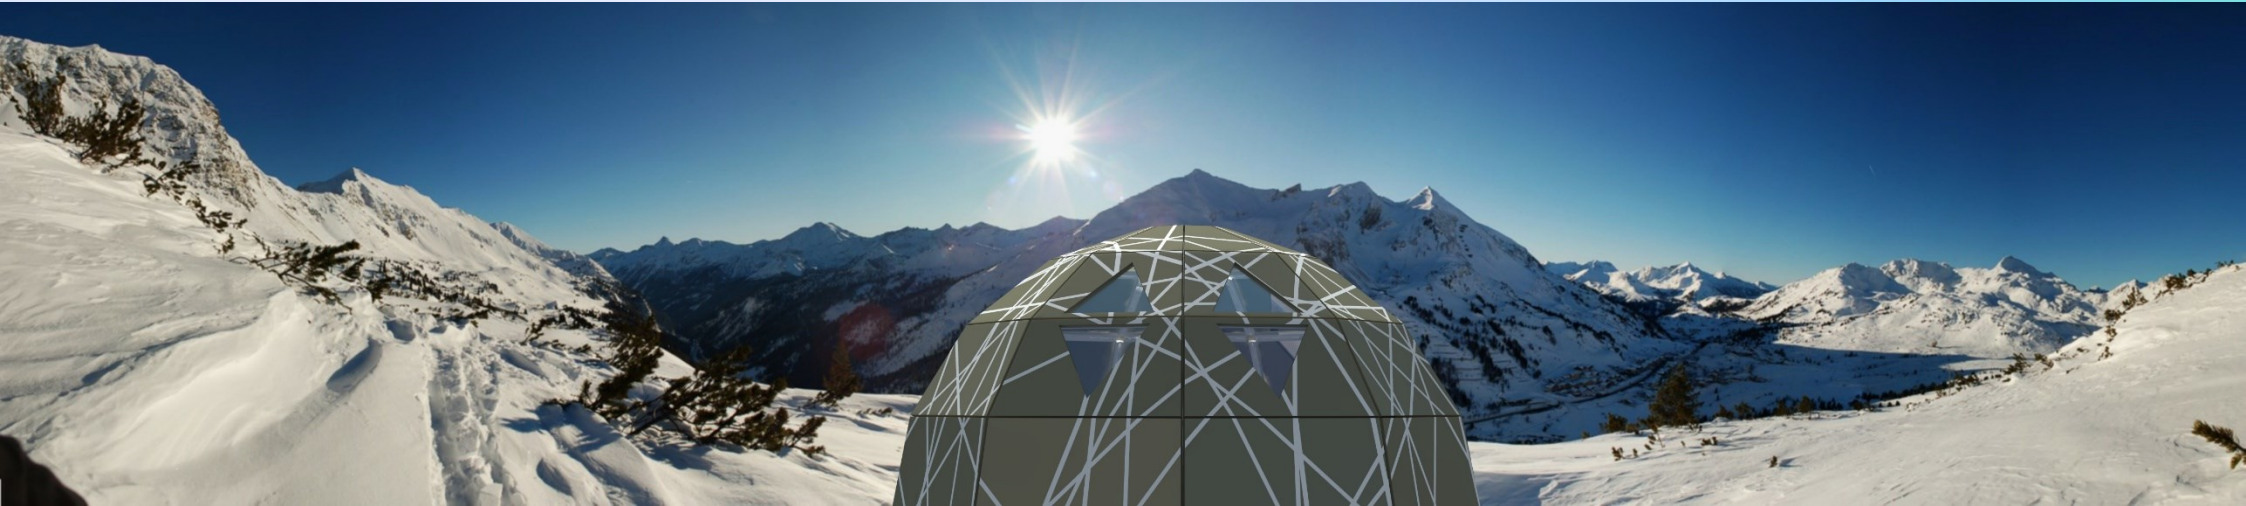

# **DODEMO habitats completely...**

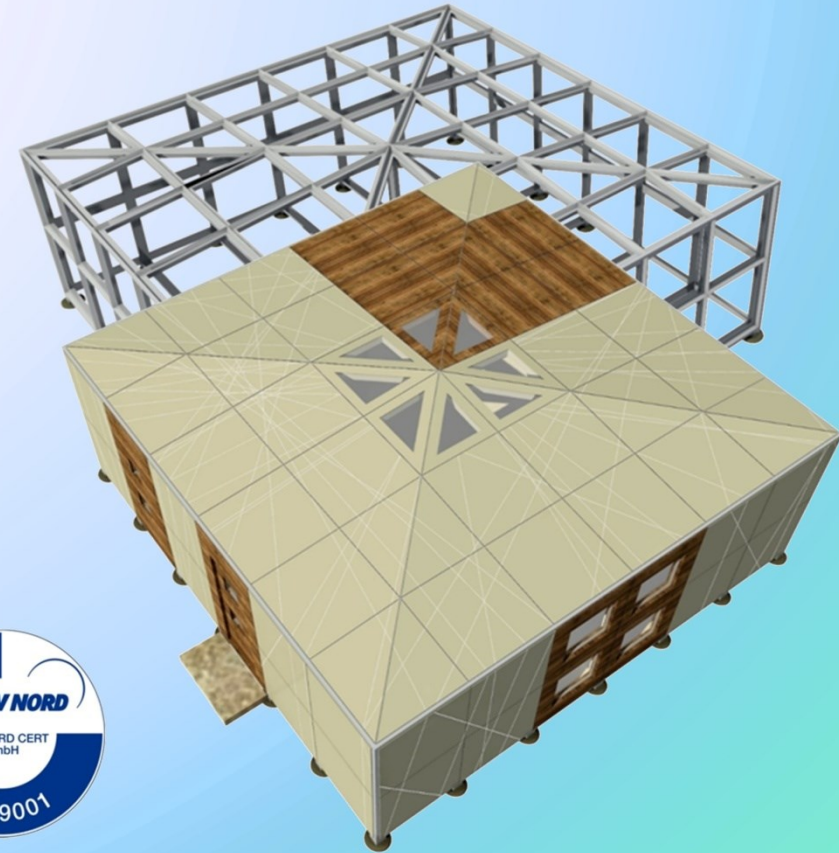

**...redefine camping/outdoor accommodation.**

# Quality Assurance

- **Stability certificate**
- **Thermal insulation certificate**
- **Fire protection certificate**
- **CO2 consumption analysis**
- **CE-certification**

# Patent

**On behalf of the founder, the Hamburg law firm RGTH checked and filed the documents Patent application at the European Patent Office to secure the unique selling point of the products.**

**Research carried out in advance by the law firm revealed that no comparable system has been filed for patenting.**
